School Name: Harvest Preparatory School
Nickname: Warriors
City: Canal Winchester
State: OH

Team Record: 27-1

About Us: Harvest Prep is coming off of two, back to back, State Championships, where they finish 54-2 in the last two seasons and ranked number 1 in the State of Ohio. Our expectations are the same every year though, to Play Hard, Play Smart, and Play Together, for that's what we do. We believe if we do those things, anything can happen. One of our returners that we are counting on is Forward, Sarah Crowder. She's a versatile player that can play inside and out. Very athletic and can run with the best of them. Her leadership is very important to our team. Another returner is our floor general, Cheyenne Rose. Her leadership, skills, and accuracy in shooting is very vitale to our team. Then we have two sharp shooters in Makayla Briggs and Breanna Mitchell. We also have a utility player that can do it all in Briana Bannerman. She has improved her game over the summer, and she's ready to explode.
