Team Record: 20-4

About Us: After coming off Back to Back State Championships, this year's team expects to be a work in progress. There will be a blend of both youth and experience on the floor throughout the season.

Leading the charge for the Lady Warriors this year will be veterans Anjaleace White (sr.), Johanna McMillan (jr.) and Amber Genwright (sr). Anjaleace White, who committed to attend George Washington University, should remain a force in the middle. At the guards, Johanna McMillan and Amber Genwright will be expected to provide both leadership and stellar play. Each of these ladies has come off successful summer campaigns that included garnering the attention of many collegiate scouts.

This year more than ever Sanford will have to rely on newcomers and small time contributors from last year team. Returnees expected to contribute include Peyton Marcozzi, Shauntel Williams, Chesei Mack, Asiyah Frank and Megan Yung. Newcomers to this mix will be Jasmyn Parker (so), Ayanna Thompson(fr) and Chrisyannah Alston (8th). The development of this group by mid February will undoubtedly determine the success of this year's team come tournament time.
