About Us: The Lady Hornets look to build upon a team that qualified for the state tournament last year for the first time in five years. With only two seniors on the roster, the young Tatnall squad is looking to gain experience early in order to be playing their best by season's end. The Hornets return three starters from last year's team, including junior all state guard Erin Dodds. They also add 6'1 freshman Taylor Sparks-Faulkner to provide a presence inside.
