About Us: The Hornets look to build upon last season's state tournament team that fell in the first round last year. Tatnall returns all state point guard Erin Dodds for her senior year. She is only 13 points shy of reaching 1,000 for her career. Her leadership and experience will help pace the Hornets this season. Tatnall also returns junior Kelsey Martin, and sophomores Michaella Moore and Emilie Hager who were all major contributors last year. The Hornets will also be looking for a boost from a few freshman players joining the varsity this season
